- ▶ Multiple and Diverse Risers throughout Building
- ▶ Multiple NetPOP Locations

IMG CONNECT SERVICE HIGHLIGHTS:

- ▶ **ENHANCED RELIABILITY**
The building offers multiple diverse and redundant carrier options for improved reliability.
- ▶ **LOCAL DATA CENTER**
Tenants have access to local data centers providing secure off-site computing resources.
- ▶ **SCALABILITY AND FLEXIBILITY**
Connectivity options for tenants can scale and adapt to changing business needs.
- ▶ **CLOUD READY**
This is a cloud-ready complex, with high-speed Internet options that can support diverse cloud computing options for tenants, including:
 - Software as a Service (SaaS)
 - Infrastructure as a Service (IaaS)
- ▶ **WIRED CERTIFIED PLATINUM**
Score of 99, Chicago's Highest.
- ▶ **ADDITIONAL CARRIERS AVAILABLE**
Additional carriers may be available.

Making Connectivity Happen

151 North Franklin works with IMG to ensure that tenants have secure, reliable connectivity. IMG can help tenants order and install voice, Data, Internet and Cloud services.

IDENTIFY WHAT YOU NEED

IMG helps you figure out what services you need based on your business needs and time-frame.

ORDER SERVICES

IMG can provide you with multiple competitive, no-obligation quotes from available carriers - or connect you with dedicated carrier sales teams if you want to order directly. IMG helps you schedule service orders to ensure that your business is up and running when you move in.

INSTALL SERVICES

IMG technicians can install all inside wiring as well as the Voice, Data, Internet and Cloud services in your suite.
